COMMUNITY INVOLVEMENT

ABOUT

Full Stack Developer and Designer with a penchant for minimalistic design and programming. I am passionate about enhancing user experience and maximizing user interface. I have hands-on experience in Web designing, JavaScript frameworks, including performance, functional, integration, system, and user acceptance.

SKILLS

- Angular 9	- GraphQL	- HTML / SCSS	- Python
- Nodejs	- Express.js	- UI / UX	- PHP
- TypeScript	- JavaScript	- SQL	- Java
- Reactjs	- Webpack	- Mongo DB	- Progressive WebApp

INTERNSHIP

FRONTEND DEVELOPER INTERN

InVideo | Internship | 3rd June - 19th July 2019

- Create new user facing modules for our MVP product based on Angular 7.
- Convert designs from Sketch and InVision into pixel-perfect and responsive screens using HTML, SCSS and TypeScript.
- Help in fixing cross-browser inconsistencies in the interface using BrowserStack.
